

TRANSBOTTLE

Whether you are a producer, vendor, cellar master or grower, you often transport bottles. To make it easy, we've developed in France an essential «state-of-the art» bottling carrying device for 75cl bottles. It is safe, practical and light, 3 good reasons to carry it in your hand.

EASY CARRYING

Practical and very light, Transbottle can also be placed in the hold of an aircraft.

SHOCK RESISTANT

Well protected in a cocoon, your bottles will not break, even if dropped from 2 m.

ISOTHERMAL

Your bottles are protected from temperatures variations. They stay at the correct temperature, ready for the perfect tasting.

PROFESSIONAL KIT

You will always be ready for your tastings.

KIT PRO 1: Double lever corkscrew and 3 natural cork winestoppers

KIT PRO 2: Double lever corkscrew and 3 natural cork winestoppers with glass head

AIRCRAFT KIT

Our aircraft kits allow you to securely close your Transbottle and protect it with a code.

AIRCRAFT KIT: TSA (US custom agreement) luggage 3 dial combination lock belt strap, travel Transbottle ID and 3 stickers "Fragile Glass"

LABEL KIT

Set of 5 labels with 6 lines, labeling the wine in the Transbottle
